Personality, physical structure, status

The first house of the kundli represents the personality characteristics, physical structure, status and fame of the person.

Nitin, based on the position of Lagna the following characteristics may be predicted about your personality. You will be: Independent; courageous; sensitive to the feelings of others; distrustful of relatives; quick tempered; proud; interested in legality and logic; scientifically inclined; enterprising; ambitious; adventurous; a good planner; keenly observant; stubborn; not receptive to criticism; frank and open; strong willed; practical; tactless. You are interested in: Beauty; grace; sex; good food; the excitement of argument. Physically you have: A medium build; sharp eye-sight; a long face and neck; a mark or scar on the head or temples; round eyes; weak legs and joints.

Nitin, since your Lagna lies in the third Drekkana of its house, you are a financial risk taker. You are lucky in financial dealings, but you make powerful enemies. The most important years in your life are 21, 25, 31, 34, 36, 42, 45, 51 and 52.

Since the ascendant lord is in the 10th you will enjoy happiness from your parents. During childhood, however, you may feel stifled by parental authority and guidance. This early training will ensure that you have the foundation on which to build a good life. You will be nurtured by people in power over you because you will demonstrate your sense of discipline to others. You will probably make rather than inherit wealth. You will become wealthy through a variety of different interests.

Financial prosperity, thinking power and fame are the results of Lagna lord aspecting the first house in your kundli.

Since Lagna lord is exalted, you are eligible to occupy high posts of authority.

Since Mars aspects Lagna, you will have a charitable mind.

Wealth, land and properties

Land and properties, wealth, family, speech, food and skills are some of the important topics highlighted by the second house in a kundli.

Nitin, as the 2nd lord is in the 12th, you are likely to be adventurous. You will probably not have a lot of money, but you'll be interested in wealth. You may have worries or problems due to your oldest brother, or oldest child. You yearn for love and consideration. Your greatest difficulties will be due to misplaced trust. You see much to criticize around you. Your income may be through religious trusts or organizations. In all probability you will become deeply involved with the government.

Since Ketu is positioned in 2nd house, your speech will be unique in some way. You may wish you were better educated. You will enjoy spicy food.

It is seen that Jupiter conjuncts the second lord. You can find happiness in reading and comprehending ancient history and epics and sharing your wealth of knowledge with others.

Siblings

Third house in the kundli mainly refers to siblings, courage and cleverness .

Nitin, since the 3rd lord is in the 10th, you will be a self-made individual. You will be wealthy, and will be able to acquire the things that interest you. Finally, however, you might feel guilty about having lived for hedonistic pleasures. Most of the time, your pleasant manner and straight forward approach help to create understanding for you. Your profession or vocation will make you travel. If you have brothers, they will do well in life and assist you in different ways.

Since Saturn happens to be in the 3rd house, you will have a loving partner who will complain about your eating habits. You will be wealthy, famous, and long-lived.

Positioning of third lord and Mars together in kendra or trikona is considered to auger well for matters connected with siblings. Such favourable planetary disposition is observed in this kundli.

Since third lord and Lagna lord are together you will take efforts to maintain cordial relationship with your brothers and sisters.

Property, Education etc.

The fourth house of your kundli refers to property, education, mother, vehicles, and general happiness.

Nitin, in your kundli, the lord of the 4th house is occupying the 9th. This planetary combination is considered fortunate. You will be influenced by your father to a much greater degree than other boys your age. You will be very happy with him. In adulthood, you will become a lucky and prosperous individual.

As the Moon is the lord of the 4th house, you will have a changeable mind and you will need the support and guidance of a strong boss, partner or wife. You will do well in education and also in your career. You will be lucky if you marry a woman who understands you well.

As Mars and Mercury influence each other in your chart, you are likely to do well in any field of study where there is scope for good reasoning. Analytical studies or research connected with scientific development will be most suitable for you.

It is seen that Mars is afflicted by other planets. Hence, take extra care in property dealings so as to avoid losses.

It is to be particularly noted that Mars is in the exalted position. This will generally minimize any bad effects otherwise described regarding acquisition of houses and land.

Apart from the above, you should be happy to note that there is a beneficial influence of Jupiter on the fourth house and this reduces any bad effects predicted otherwise.

Children, mind, intelligence.

The fifth house of the kundli mainly gives indications regarding children, mind and intelligence.

Nitin, since the 5th lord is in the 11th, you will be learned, dear to people, and may be an author. Apart from the above, you will have ample opportunities to develop and demonstrate your skills in various fields, including academic circles. To the very best of your ability, you will build a more secure future for your children. An intellectual and emotional involvement with you is sure to be an educational experience for your children during their development. Eventually you will feel proud of your children.

Diseases, enemies, obstacles

The sixth house gives indications regarding diseases, enemies, obstacles and other generally negative topics.

Nitin, since the 6th lord is in the 10th, you will be better off far from home or in foreign countries. Conflicts will occur between you and your father. You will be a gifted conversationalist and be effective in communicating with others. There may be fights, disagreement or lawsuits over family land or property. You are competent and you will prevail

over those who question your integrity. You will be self-assured. When the need arises, your enemies will realise that you can be unscrupulous.

Sixth lord is positioned together with Mars. You will end to fear about robberies and financial losses.

Marriage etc.

The various aspects of your married life are influenced by the 7th. house.

Nitin, your 7th lord is in the 12th house. You tend to believe and respect women more than most men. But you may have unsatisfactory relationships in your youth. As a husband, you will try to hold your family together. Their happiness will be important to you. You may earn a reputation for tardiness since it will be rather difficult for you to keep appointments due to external pressures. You may have to put in extra hours of work in the office or elsewhere. This may also create problems at home. You will be a satisfied husband and a proud father. But you will not be able to pay as much attention to the education of your children as you or your wife would like.

Nitin, a person from the north could make an ideal partner for you.

The combination of Venus and Jupiter in your chart should give you good children, and a healthy and happy partner.

It is to be particularly noted that Venus is in the exalted position. This will generally minimize any other bad effects, and at the same time, enhance the good effects.

The lord of the seventh house is in the exalted position, and this indicates luck through marriage.

Apart from the above, you should be happy to note that there is a beneficial influence of Jupiter on the seventh lord and this reduces any bad effects predicted otherwise.

Longevity, difficulties

The eighth house gives indications regarding longevity, medical treatment and other difficulties.

Nitin, since the 8th lord is in the 10th, you enjoy spending time with your parents, even if you do not have a whole lot of time. You will cherish the moments you spent and reflect on them with great joy. It is difficult for you to remain with them as long as you would like. You cope well in crisis situations, but you tend to get anxious or worried if you feel crisis looming. Despite the impediments and obstacles you face, you will rise steadily in your career. Be careful and conniving if you must, because an assistant or a person under your control may turn against you or try and grab power from you. However, keep your accounts carefully and honestly, because they may be audited or examined by the government or law-enforcement. Your boss may suddenly leave the work place, and this could lead to your rise.

Your 8th house is occupied by Rahu. You will probably travel a lot in a life. Choose your food carefully when you travel, so as to avoid food poisoning. You should also insist on cleanliness when you travel. Seek medical advice as you may be prone to skin problems or rheumatism.

Fortune, Prosperity, Inheritance etc.

Nitin, in your kundli, the lord of the 9th house is in the 12th. So you are not likely to inherit property from your parents or relatives. Your family may have had financial difficulties in your youth. You have to work hard to establish your credentials in the working world. You may have to travel far from home. You have the potential to become a deeply religious individual.

Since the Moon is occupying the ninth, you will be fortunate and prosperous. You will have many children, friends and relatives. You will have a generous spirit and strong ethics.

It is seen that the 9th house is hemmed in between malefic planets; therefore, the good effects given by other planetary combinations or positions may not be fully experienced.

Effect of Dasha/Antardasha

In Indian Astrology, the dasha system divides your life into periods and sub-periods which are influenced by various planets. The general trend of fortunes and misfortunes that may be expected are given below. The intensity of experiences may vary depending on the natal and transit (gochar) position of the planets. This needs further in-depth analysis. The effects which are not applicable to a child should be considered as applicable to the parents. Predictions are given starting from current dasha onwards. Details of Antardasha (bhukti) are given for a maximum of forty years only. The starting and ending of each Antardasha is also shown. (The initial five years are skipped for infants.) Strength of planets is judged by their positions in Saptavarga.

AshtakaVarga Predictions

Ashtakavarga

Ashtakavarga system is a predictive method of Indian Astrology that uses a system of points based upon planetary positions. Ashtakavarga means eightfold categorization. It depicts eightfold strength of planets excluding the nodes of the Moon but including the ascendant. It is worked out according to certain well-established rules for measuring the planetary strength. The strength of each planet and the power and intensity of their influence depends upon the location of other planets and the ascendant in relation to it. Eight full points are assigned to each planet. They can obtain strength varying from zero to 8 points which, plotted on different signs in a chart, determine the possibility of a transiting planet in inducing auspicious or other effects during its sojourn in a particular sign. Events and their timings are to a large extent determined by the positioning of particular points. Depending on their negative or positive influences the native can take remedial measures or pre-empt unpleasant possibilities, just by being aware of the likely consequences. To be forewarned is to be forearmed --- the planets are one of the best guides to help condition mans mind to the possibilities of his future.

Upagraha

Corresponding to each planet, a sub-planet (Upagraha) is calculated. The sub planets of Moon, Venus, Mars, Rahu and Ketu are based on the longitude of the Sun as follows.

Dhumadi Group of Sub-Planets

Planet	Upagraha	Method of Calculation
Mars	Dhuma	Longitude of Sun + 133 Deg. 20 Min.
Rahu	Vyatipata (Pata)	360 - Dhuma
Moon	Parivesh (Paridhi)	180 + Vyatipata (Pata)
Venus	Indrachapa (Kodanda)	360 - Parivesh (Paridhi)
Ketu	Upaketu	Indrachapa (Kodanda) + 16 Deg. 40 Min.

The sub-planets of Sun, Mercury, Jupiter, Saturn and an additional sub-planet of Mars are calculated based on the division of day or night into eight equal parts.

The first part belongs to the lord of the day, followed by the remaining lords of the week in cyclic order. The eight part is lordless. In the case of birth at night, out of the eight equal parts, the first seven are allotted to the lords of the planets starting from the 5th. weekday.

Two different methods are popularly adopted for finding the longitude. In the first method an ascendant is calculated for the beginning of the period ruled by the planet. In the second method, the end of the period is taken.

In the case of Gulika, the sub-planet of Saturn, a third method is also available to calculate the longitude of the dhumadi group of subplanets based on fixed values of rise time as given below.

Days	Birth during day	Birth during night
Sunday	26	Ghati (Nazhika) 10 Ghati (Nazhika)
Monday	22	6
Tuesday	18	2
Wednesday	14	26
Thursday	10	22
